Summer Update

Posted On: Jul 30, 2015 (05:57:01)

Things are heating up around Kentucky. Not just on the wall but in the Governors race. I urge all of you to either come to our Chapter meetings held the 1st Thursday of every month or to call me personally to find out what you can do as a member of Local 4 to help the right people get elected to ensure our future. Also, work is really picking up out there. We only have a few members off work with several large projects coming up. Contractors are screaming for young people who want to learn the trade. If you have someone in mind, please have them contact me for information about an apprenticeship with Local 4. This goes for all trades of the BAC, we are that busy.
